

"It is with huge sadness and deep shock that we learnt of the devastating terror attacks in Sri Lanka with Churches, hotels and innocent occupants blown up so mercilessly on Easter Sunday. We are shaken to the core by the insane inhumanity targeting the Christian community in particular, inflicting maximum damage as they gathered to worship peacefully on the Holiest of days. The destruction of places of worship and leisure, and decimation of so many lives is a horrendous attempt to wreck the economy of this beautiful island which attracts people from every part of the world. Our hearts weep with you and go out to all the victims' families, friends, loved ones and all those affected by this heart-breaking tragedy. In particular, to the Christian community and the people of Sri Lanka, it is their darkest hour of grief. Take comfort in the knowledge that you are uppermost in our thoughts and prayers and that we all stand together against all evil doers and their barbaric acts of terror. Revenge and Hate are twin losers. Love conquers all. Harrow Interfaith sends you their unconditional Love and support and wishes Sri Lanka a safe and bright future once more. Let us pray to the Almighty to bless us all and grant us the wisdom to live in Peace with one another."

With loving prayers,
Sonoo Malkani
Chair Harrow Interfaith (HIF)
